RAPID FIRE PROGRAMME

WELCOME

Welcome to Guernsey and the Ranges of the Guernsey Rifle Club. Centre Fire and Rapid Fire pistol events are being held at the Hougue Patris Range in the north of the Island.

Although the range is not very large it contains four sets of turning targets which can be used for all disciplines of Pistol shooting. Two of the turning banks were constructed by the members of the club and the newest sets were purchased two years ago in order to be able to offer facilities for training up to Olympic level. The Island can therefore offer visiting shooters a range which can only be surpassed by a few clubs in England. This range is mainly used by the Pistol Section of the Guernsey Rifle Club, however there is a 50 metre range which is used for training by the Small Bore Rifle shooters for training in 50 metre prone and three positional events.

Two members of the Guernsey Rifle Club using this Range for training have brought Commonwealth medals back to Guernsey, one Silver and one Bronze. So we wish you good shooting too, hopefully to a high level, and may the best man win.

FULL BORE PROGRAMME

WELCOME

Welcome to the Guernsey Rifle Club Full Bore Range.

The Range at Fort Le Marchant was constructed in the early 1950's by the Military Services Committee for the use of full bore shooters in Guernsey. The Original range consisted of 200 300 and 600 yard firing points, the 500 firing point was added some years later on to give a usefull combination of ranges.

Full Bore Rifle shooting in the Island is a fairly popular sport and has produced some top class shots, including Queens prize winners, since the Guernsey Rifle Club started some 120 years ago.

We hope you enjoy your stay in Guernsey and good luck on the range.

CLAY PIGEON PROGRAMME

WELCOME

On behalf of the Guernsey Clay Pigeon club, we the organising officials welcome all the clay pigeon shooters to Guernsey. We hope the weather is kind to us for this the biggest single clay pigeon event ever held in Guernsey.

Hopefully you will find your best form for this event and make it an exciting and close fought competition.

The range at Portinfer headland is a top class range with a sea and sky backdrop giving good visibility for shooting, something we are sure you will find a great deal of help.

Our thanks go to Eley Ltd. for their generous sponsorship of cartridges and clays, and also to Fuel Supplies Ltd for the Diesel Generator fuel for the event
